**Relieve Stress**

**Speed Recovery**

**Reduce Stiffness & Pain**

**Soothe Muscles Rejuvenate Detoxify**

## **The Amethyst Bio Mat™**

**Negative Ion and Far Infrared  
Therapeutic Treatment System**

**FDA approved Medical Device**

Prescribed by Doctors for Chronic Pain, stress management, chronic fatigue, arthritis, muscle strain and more...

**For Professional & Home Use**

### **Eases Joint Pain & Stiffness:**

Infrared heat therapy is widely used to treat patients suffering from many forms of arthritis. In addition, it has proven effective in the treatment of sprains, bursitis,

muscle spasms, joint stiffness, neuralgia and many other muscular-skeletal ailments.

### **Improves the Immune System**

Far Infrared's deep heat raises your body temperature, inducing an artificial fever. As it works to combat the "fever", your body's immune system is stimulated and strengthened.

### **Supports Detoxification**

Increased blood circulation stimulates the release of built-up toxins and waste. Daily sweating can help detoxify your body as it rids itself of an accumulation of potentially carcinogenic heavy metals, nicotine, sodium, sulfuric acid and cholesterol, as well as alcohol

### **Strengthens Cardiovascular Function**

FIR activates enzymes that stimulate the production of Nitric Oxide a key biological messenger, playing a role in a variety of biological process. These include blood vessel dilatation, neurotransmission, "The more nitric oxide produced

in arteries, the more the vessel walls relax and increase in diameter. Blood pressure normalizes in the process.

### **Speeds Recovery**

The deep heat of Far Infrared helps peripheral blood vessels dilate, bringing, relief and healing to muscle and soft tissue injuries. Increased blood circulation carries off metabolic waste products and delivers oxygen-rich blood to

oxygen-depleted muscles, so they recover faster.

### **Improves Skin Tone**

The increased circulation that is achieved after just a few minutes on the Bio Mat carries off deeply imbedded impurities and dead skin cells, leaving the skin glowing and immaculately clean. This draws your skin's own natural nutrients to the surface.

### **Burns Calories**

As you relax with the gentle heat of the far infrared, your body is actually hard at work, producing sweat, pumping blood and burning calories. According to a Journal of the American Medical Association report, in a single Infrared Ray session you may burn as many calories as you would rowing or jogging for 30 minutes.

### **Reduces Stress and Fatigue**

The gentle warmth of Far Infrared gives you an overall massaging effect, soothing jangled nerves and knotted muscles. You'll feel rejuvenated, renewed, and restored
